

Watershed Specialist Project Survey

1. Watershed Specialist Info

Please complete this survey by May 1, 2009. The survey has 5 pages. Use the buttons on the bottom of each page to change pages and (on the last page) to submit your responses.

The survey's purpose is to gather information on the positive environmental impact Pennsylvania's Conservation District WATERSHED SPECIALISTS are making.

The Pennsylvania Association of Conservation Districts (PACD) and the Western Pennsylvania Coalition for Abandoned Mine Reclamation (WPCAMR) are jointly distributing this survey. PACD will use the collected information in developing a fact sheet on the roles and positive impacts made by Watershed Specialists. WPCAMR will use the information to showcase Watershed Specialists' work in its e-newsletter Abandoned Mine Posts. In both cases, either PACD or WPCAMR may follow-up with you to get more information on the projects you list.

Our goal is to develop materials which result in continued support of the Watershed Specialist positions beyond 2010.

Should you have any questions regarding the survey tool, its contents or use, please contact either Kathleen Banski (PACD) kathleen-banski@pacd.org or Bruce Golden (WPCAMR) bruce@wpcamr.org (724)832-3625.

* 1. Watershed Specialist (WS) name

* 2. Watershed Specialist's years on the job

of years

* 3. Watershed Specialist's email address

Watershed Specialist Project Survey

5. Final Page

Thank you for taking the time and making the effort of completing this survey. We will use information you and other Pennsylvania Conservation Districts have provided to showcase positive environmental work being done by Watershed Specialists. As our work progresses, we will keep you informed of significant developments via email.
